Chapter 1. Sum up

Chapter 2. Subtract

What is subtraction of numbers?

You will learn about subtraction.

To successfully perform subtraction of numbers you must know the meaning of subtraction: a mathematical operation to find the difference between two numbers.

How to subtract numbers

Here you will learn how to subtract numbers using the subtraction function.

.

To successfully subtract numbers, you must know about subtraction

1. Enter the first number.
2. Choose the minus (-) button.
3. Enter the second number.
4. Choose the equal (=) button.

The result from the subtraction is displayed.

You want to subtract 2 from 3. The equation will look like: $3-2=1$. You enter 3. Press minus. Enter 2. Press equals.

The result 1 appears on the screen.
